Pocket Home

A POCKET HOME PROJECT · CHENNAI

Vaanam.

Four homes on a 1,400 sq.ft plot, stacked under **one open sky.**

PLOT	BUILT-UP	TYPOLOGY
1,400	3,500	G + 3

Named for *Thendral* and *Saaral.*

Vaanam is a home for a family — and its name comes from the two daughters who will grow up in it.

Thendral

THE GENTLE BREEZE

The cool southern wind every Chennai home waits for — so every room here is planned to let it pass through.

Saaral

THE SOFT DRIZZLE

The light rain that cools the evening — caught by planters and gardens on every level of the building.

= *Vaanam*

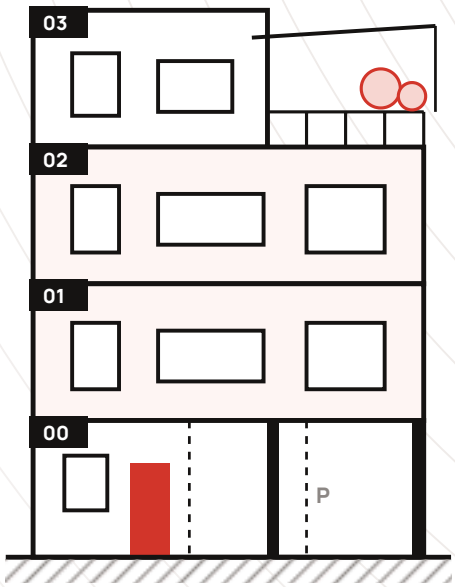

Breeze and rain both come from the sky. So the home that holds them is named **Vaanam — the sky.**

AT A GLANCE

Plot	Built-up	Homes	Typology
1,400 sq.ft	3,500 sq.ft	4 units	G+3

One plot, *four* homes.

A rental studio that earns from day one, two family homes, and a crown home that gives half its floor back to the sky.

03 — **The Crown · 1BHK + sky deck** — **500** sq.ft

One home along the street; a deck and garden across the rest.

02 — **Family Home · 2BHK** — **950** sq.ft

Same plan as the first floor — repeatable and efficient to build.

01 — **Family Home · 2BHK** — **950** sq.ft

Living onto a garden balcony, two bedrooms, two baths.

00 — **Parking + Rental Studio** — **400** sq.ft

Three covered car bays and a self-contained studio.

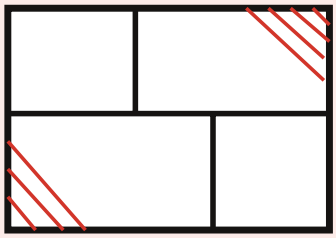

01–02 FAMILY-FLOOR BALCONIES

Eight things we solve *before* we draw a wall.

- **01 Light**
  Glazed bays on the long faces, so every room gets daylight.
- **02 Wind**
  Openings on opposite walls to let Thendral run through the plan.
- **03 Optimize**
  The angled site edge becomes gardens and decks, not wasted corners.
- **04 Storage**
  Full-height wardrobes and kitchen runs built into every home.
- **05 Layout**
  Wet areas stacked floor over floor around one shared stair core.
- **06 Energy**
  Deep balcony overhangs shade the glass from the Chennai sun.
- **07 Plant**
  A planter on every level and a garden on the roof.
- **08 Maintenance**
  Durable render and simple finishes that age well.

WHY POCKET HOME

Small plots deserve *better.*

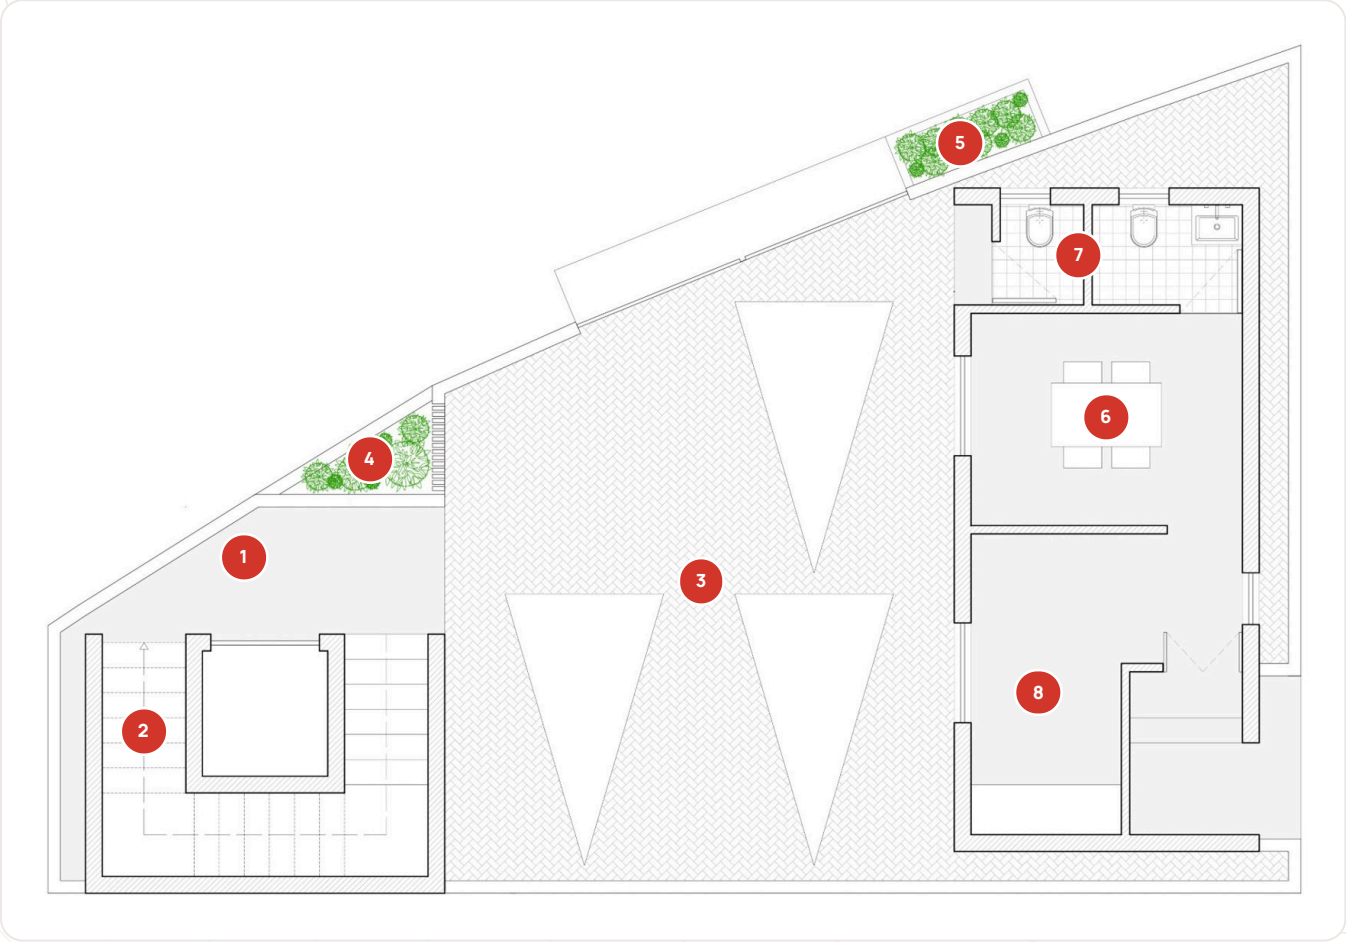

Parking + *rental studio.*

The floor that pays for itself.

BUILT-UP

400 sq.ft

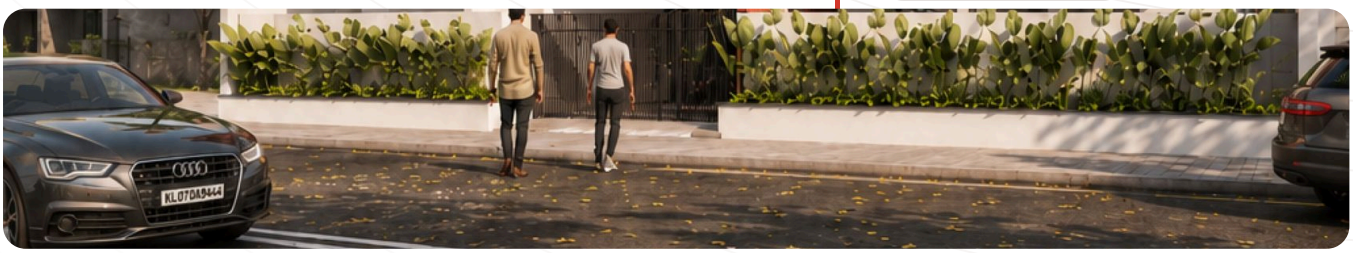

01	Entrance lobby	05	Street-side planter
02	Staircase	06	Studio living + dining
03	Covered parking · 3 cars	07	Toilets
04	Landscaped edge	08	Studio bedroom

Design note

Three cars park under the building. The studio sits beside them with its own door, two toilets and a rear room — ready for a tenant, a small office or a home studio.

3 CAR BAYS · OWN ENTRY · LANDSCAPED EDGE

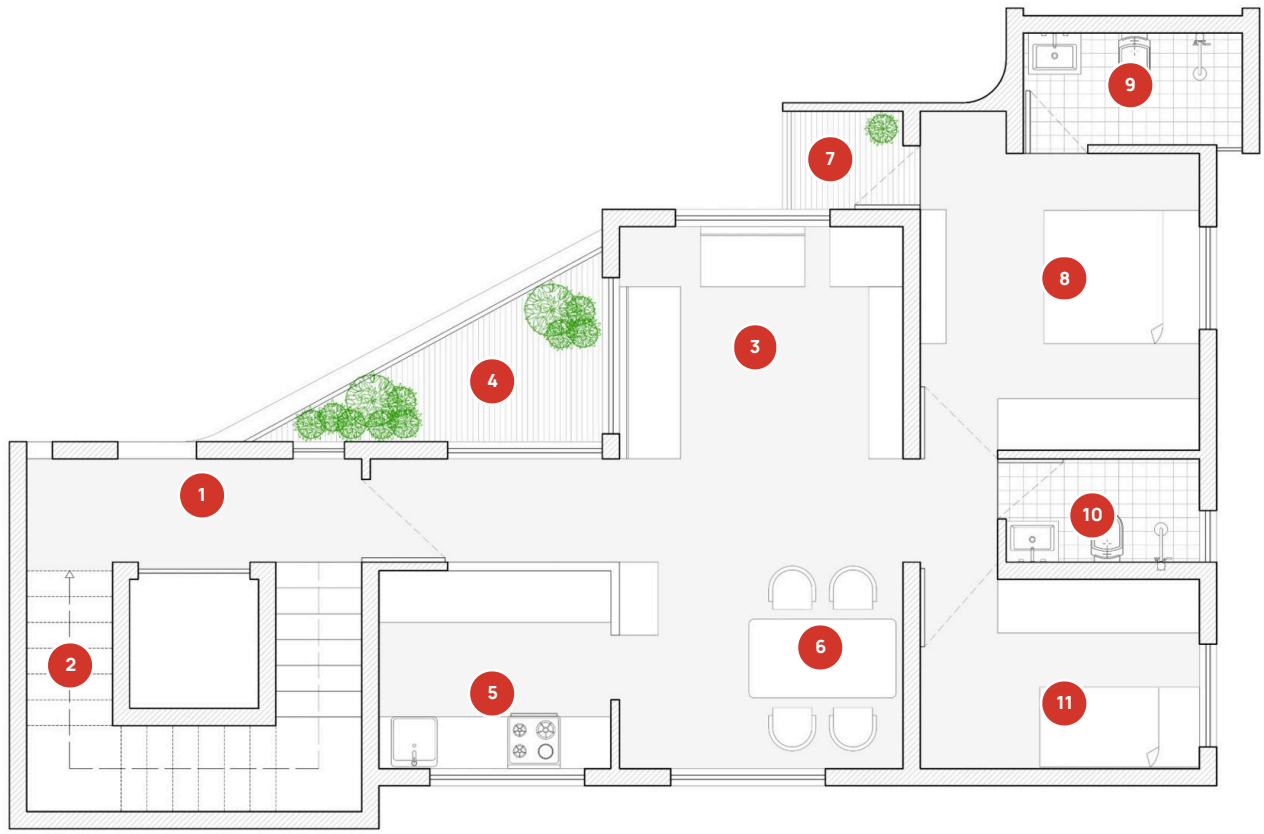

00 PLANTED EDGE, GATED PARKING

The *family* home.

2BHK · repeated on two floors.

BUILT-UP / FLOOR

950 sq.ft

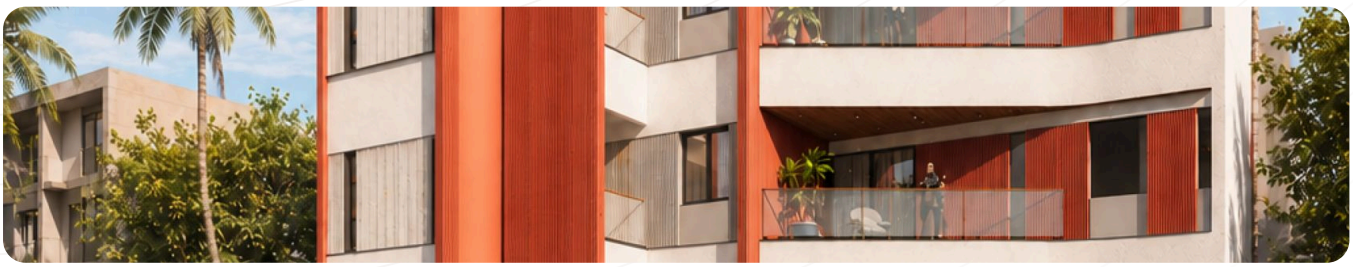

01	Entry foyer	07	Utility deck
02	Staircase	08	Bedroom 1
03	Living	09	Attached bath
04	Garden balcony	10	Common bath
05	Kitchen	11	Bedroom 2
06	Dining		

Design note

One spine runs from the stair to the bedrooms — no space lost to corridors. The living room opens onto a triangular garden balcony carved from the angled site edge.

2 BEDROOMS · 2 BATHS · GARDEN BALCONY

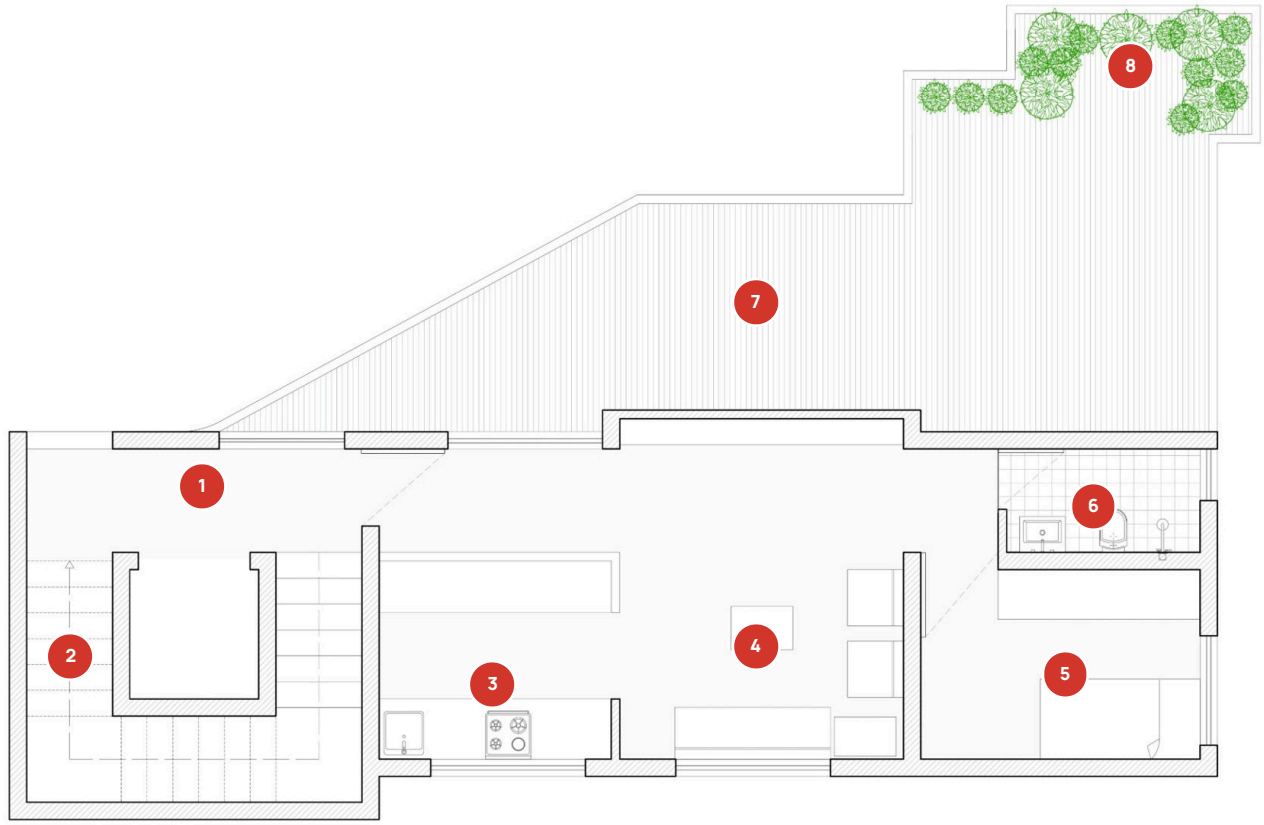

01–02 FINS AND BALCONIES ON THE STREET FACE

The *crown,* open to the sky.

1BHK with a private sky deck.

BUILT-UP
500 sq.ft

01	Entry foyer	05	Bedroom
02	Staircase	06	Bath
03	Kitchen	07	Open sky deck
04	Living + dining	08	Terrace garden

Design note

Half the floor is given back to the sky. One compact home sits along the street, while a deck stretches across the rest — shaded by a light canopy and finished with a corner garden.

SKY DECK · TERRACE GARDEN · SHADE CANOPY

03 CANOPY OVER THE SKY DECK

Warm on the street, *calm* inside.

- **Terracotta fins**
  Vertical fluted fins filter the sun and give each home privacy from the street.
- **Curved balconies**
  Soft, sweeping slab edges shade the glass below and frame the view.
- **Sky canopy**
  A light perforated roof over the top deck — shade without closing off the sky.
- **Green edge**
  A planted compound wall that softens the street and cools the approach.

We don't design. *We solve.*

Homes designed and built for compact city plots — **light, air and every square foot put to work.**
